RUSSIAN LOAN.

France Subscribes Its Share Despite the
Revolts.

Paris, April 27.—The public has subscribed twice over the share of the Russo-Japanese War, \$224,000,000, apportioned to France. The French themselves were astonished, the Socialists have planned parks and distributed thousands of hand bills, urging the people to abstain from participation in the loan.

The Credit Lyonnais announces that the Russian loan (France's proportion) has been twenty-five times covered. This has created much surprise. Everybody in the issue has proved a gainer.

London, April 27.—The subscription for London's apportionment (\$20,000) of the Russian loan was closed at 11:30 o'clock yesterday, the amount having been fully subscribed.

It is asserted that Germany has apportioned for a considerable part of the English issue.

Human Blood Marks.

A tale of horror was told by marks of human blood in the home of J. W. Williams, a well-known merchant of Hot Springs, Ky. He writes: "Twenty years ago I had severe hemorrhages of the lungs, and was near death when I began taking Dr. King's New Discovery. It completely cured me and I have remained well ever since. It cures hemorrhages, chronic coughs, scurvy, colds and bronchitis and is the only known cure for weak lungs. Every bottle guaranteed by the Red Cross Pharmacy. 50c and \$1.00. Trial bottle free."

hearing the report of the sub-scale committee the scale committee of the anarachite miners yesterday decided to call a convention of miners to meet in Scranton May 2.

The mine workers are anxious to ascertain what action is to be taken on the operators' reply and the convention has been called for the purpose of allowing the men to discuss the question of a strike.

The men will be called upon to decide whether the plan of arbitration offered by the operators shall be accepted.

The scale committee, it is said, is not willing to take the responsibility of accepting the operators' plan.

President Mitchell declined to state whether negotiations would be renewed with the operators before the annual meeting of the Scranton meeting.

BARGAINS IN MEDICINE

A woman once wrote us that she was not going to buy Scott's Emulsion any more because it cost too much. Said she could get some other emulsion for less money. Penny wise and pound foolish. Scott's Emulsion costs more because it is worth more—costs more to make. We could make Scott's Emulsion cost less by using less oil. Could take less care in making it, too. If we did, however, Scott's Emulsion wouldn't be the standard preparation of cod liver oil as it is to-day.

LEIGHTON CRIME.

How Terrible Tragedy Causing Eight Deaths Started.

Concord, N. H., April 27.—A famous murder mystery was partially cleared up yesterday when High Sheriff George A. S. Kimball of Merrimack county and Manchester police force secured a confession from George A. Bailey of Essex of facts which he knew, but has hitherto kept secret, concerning the tragedy in North Penbrook, Am., 17, when Charles H. Ayer killed his mother-in-law, his wife and his five children and burned the buildings over their bodies, subsequently ending his life.

Bailey told the officers yesterday that Ayer came to the Bailey home, Mrs. Bailey being his sister, on the day of the tragedy, and said:

"We have had a lot of trouble at our house. I was cutting the child's hair and my mother-in-law said: 'What are you taking so much trouble with that boy?' That made me mad and I threw her in my chair at her. If it had not been for Ayer he would have killed her. Something snapped in my head then and I don't know what happened, but there was a lot of trouble."

Bailey stated that Ayer did not then subsequently say that any of the family were dead, or tell any further details of the tragedy.

KEEP WOMEN OUT.

Speaker of British Parliament Punishes noisy Suffragettes.

London, April 27.—The speaker said yesterday that he had ordered that the leading leaders in the woman's suffrage demonstration on Wednesday might be not admitted to the gallery again during the session of Parliament now being held. The announcement was greeted by general cries of "Bear, bear."

In the House of Commons Wednesday night during a discussion of Keir Hardie's resolution in favor of woman suffrage, a number of women who were seated in the ladies' gallery disturbed the proceedings by shouting "Divide!" and cheering and waving a woman suffrage banner and were expelled by order of the speaker.

NO VIOLENCE, SAY WORKERS.

Paris Leaders Promise to Check Any Rioter on May 1.

Paris, April 27.—The government has received the most positive assurance that the labor leaders do not intend to permit any disorder on May 1. A government official said yesterday:

"I have talked with a socialist leader whose word practically is law among the workmen. He said the demonstration of May 1 would be rigidly confined to a dignified, peaceful expression in favor of eight hours of labor. He was fully aware that violence prejudices the socialist cause. We, therefore, are convinced that there will be no disorders, general or isolated."

SPRING CATARRH

Ricker & Wells Sell Hyomei Under Guarantee of Cure.

The changeable weather of spring is directly responsible for the prevalence of catarrhal troubles in Barre at the present time.

As a result, Ricker & Wells have had a larger sale for Hyomei the past week than ever before in the years that they have handled this reliable treatment for the cure of catarrh.

Unlike the ordinary remedies that there is no stomach distress with Hyomei. It is breathed through a neat pocket inhaler that comes with every outfit, and its antiseptic healing properties to the most remote cells of the nose, throat and lungs, killing all catarrhal germs healing the irritated mucous membrane, and effecting a complete and permanent cure.

If there is a single catarrhal germ in the system, Hyomei will search it out and absolutely destroy it, completely eradication the trouble. The remedy has made so many cures among their customers that they offer to pay for it themselves if it does not benefit even the worst case of catarrh.

The complete outfit costs only \$1, consisting of an inhaler, medicine dropper and bottle of Hyomei, while extra bottles of Hyomei can be obtained for 50 cents. There will not be even this small expense if Hyomei does not cure, as they will return your money.

CRUSHING DEFEAT

Was Administered By Boston To Philadelphia

WINTER PITCHED WELL

Cookley Retired in Favor of Bartlett, Who Received Worse Treatment

Score 12 to 8 for Collins' Men.

Philadelphia, April 27.—Collins' men administered a crushing defeat to the Athletics yesterday afternoon and ended it with a shutout, 12 to 0. After giving an indifferent game for six innings and receiving scattered support, Cookley retired in favor of Bartlett, who was snowed under with six runs in his first inning. Winter pitched a steady game of the visitors, allowing but four hits and striking out eight men.

Boston started to score in the first inning, when Selsbach fanned Selsbach, and then throwing him into the grand stand, both men scoring. In the second, Grimes doubled and went to third on Ferris' sacrifice. Winter walked him and then drove a throw to second, on which Grimes scored.

The ballying was started up again in the fifth, when Stahl singled and Parent sacrificed. Grimes hit safe and Stahl went in, having gone to third on Freeman's out. Cross made a wild trip in the sixth and Graham went to second. Winter was thrown out by Selsbach, but Selsbach doubled, sending in Graham. Cross singled and another run came in.

There was a deluge of scores in the seventh, when Bartlett went into the box in place of Cookley. Freeman started off with a double and came in on Grimes' triple. Ferris made a safe drive for a base, going to third on Lord's double, and Grimes scoring meanwhile. Graham singled and Ferris scored. Bartlett walked Winter and Selsbach. Collins forced Selsbach, but Graham ran in. Stahl made a single and Winter was fanned. Freeman was walked and Collins went in on a wild pitch. Stahl died at the plate.

Philadelphia got as far as third in the fourth on Winter's wild throw, but got no further.
